

# Wolfgang Mühlbauer

- Professor an der Fakultät für Informatik, Hochschule Rosenheim

- **Teaching**

- Computer networks
- Embedded systems
- Algorithms and data structures

- **Interests**

- Internet protocols and standards
- Internet of Things
  - BLE, MQTT, OPC-UA, LoRaWAN, ...
- Internet routing
- Network virtualization
- Network measurement

**Kontakt:**

# Discussion

---

## ● Internet of Things

- What protocols will prevail?
- Technology trends?

## ● Latest trends in the areas

- container virtualization and automation / orchestration
- Internet routing
- Internet measurement
- SDN networking
- 5G
